- Does your child have additional support needs but they don't meet social services criteria?
- Would they like to attend their local after school club, play scheme or similar activity, but are unable due to those needs?

If the answer is yes to both the above then Carmarthenshire Children's Inclusion Scheme (CCIS) may be able to help!!

CCIS is able to offer funding for children not eligible for Statutory Services to receive 1:1 support at a recreational setting of their choice.
